

# Edmonds-South Snohomish County Historical Society and Museum

In honor of the 125th anniversary of the founding of Edmonds and the continuing renovation of the Edmonds Historical Museums' property, the museum is creating a new public space right on its doorstep, and is offering a unique opportunity for you to leave your mark on history by becoming a permanent part of the new Museum Plaza.

This is a once-in-a-lifetime chance to purchase an inscribed Heritage Brick paving stone. The Heritage Bricks will grace the Plaza for years to come, and the inscribed names will become an enduring part of the legacy of our community.

The new space will reflect the classic Georgian architecture of the historic 1910 Carnegie Library, home to the Edmonds Museum's since 1973. Several phases of work will include the installation of the Heritage Bricks, display structures, benches, plantings, water features and the placement of a time capsule. It will be a place to step off the street and into peaceful space, engage in conversation, read, or simply relax.

Yes, we'd like to reserve a permanent brick. Please engrave our brick as follows:
